As those charged with governance, audit committees are responsible to enhance audit quality, corporate governance practices, and financial reporting accuracy to improve the public's faith and confidence in its corporate leaders.

This Conference examines the latest themes and developments affecting the performance and outcomes of Audit Committees, including the rising environmental, social, and governance (ESG) agenda, evolving corporate governance practices and stakeholder relationships, rising shareholder activism and a push for public accountability through appropriate sustainability and ESG disclosures.

# AUDIT COMMITTEE CONFERENCE 2022

## Beyond Effectiveness: Governance, Sustainability and Agility

### CONFERENCE PROGRAMME

8.30 am PARTICIPANTS LOGIN TO JOIN THE VIRTUAL CONFERENCE

9.00 am OPENING REMARKS

9.10 am **Championing Risk Oversight in Challenging Times**

Given the dynamic business environment that creates an ever-changing risk terrain, boards should ensure that the risk oversight function is sufficiently defined and effective. It is critical that the board understands and influences management's risk identification, risk assessment, and risk monitoring methods. The board should also clearly define which risks should be frequently considered by the whole board and which risks should be delegated to a board committee, such as the Audit Committee. While many boards have a risk governance framework in place, regular review is vital as companies face new challenges.

**SPEAKER**

**DEREK LEE SIEW WENG** | Governor, The Institute of Internal Auditors Malaysia

9.55 am **PANEL DISCUSSION**

**Enhancing ESG Oversight**

As the ESG agenda gains traction in boardrooms and C-suites, internal audit can step up as a trusted advisor by identifying and mitigating diverse ESG risks which range from climate change to diversity, equity, and inclusion (DEI) issues. This panel discusses the role and responsibilities of Audit Committees in addressing ESG concerns and issues, and shows how they can rely on the internal audit function to enhance continuous monitoring processes and internal controls while providing the assurance needed for trustworthy ESG disclosures.

**MODERATOR**

**KARINA NOR** | International Sustainability Specialist

**PANELLISTS**

**AGNES KY TAI** | Director, Great Glory Investment Corporation

**AIZA ARYATI KASIM** | Chief Human Resources Officer, Manulife Insurance Berhad

11.05 am BREAK

11.20 am **The Future of Internal Auditing: Gardener of Governance**

Internal Auditing is a profession at crossroads. On the micro level, in organisations and institutions, stakeholders may see less and less value in the contributions from internal auditing and on a macro level, this projection jeopardises the legitimacy and relevance of internal auditing as a profession. This session provides comprehensive content suggesting five concrete paths for the betterment of internal auditing. The five directions that deserve development are planet, public, profession, prosperity, and people. Ultimately, positioning internal auditing as Gardener of Governance is a promising metaphor to strengthen its value proposition, both on a micro and on a macro level. Metaphors are an important way to convey ideas and make ideas stick.

**SPEAKER**

**DR RAINER LENZ** | Director, Corporate Audit & Advisory Services, SAF-HOLLAND SE

12.05 pm **Annual Transparency Report: Enhancing Governance through Rigorous Auditor Engagement**

The Audit Oversight Board (AOB) has called for PLC audit committees to continuously and rigorously engage auditors to promote an effective audit process and heighten audit quality. Key to this audit engagement process is the Annual Transparency Report (ATR) prepared by audit firms, which provides information on legal and governance structures of firms, measures taken to uphold audit quality and manage risks, and measures of audit quality indicators. This session looks at how ACs can leverage on the ATR to evaluate the appointment and reappointment of external auditors while identifying and addressing related audit risks.

**MODERATOR**
