COLLABORATIVE LEADERSHIP FOR A SUSTAINABLE FUTURE

We live and work today in an increasingly complex and interconnected world, where business is converging irrevocably with technology and now, sustainability. More than ever, we need to be innovative, agile and adaptable to leverage on the opportunities emerging from these converging forces.

Throughout history, the accountancy profession has successfully reinvented itself to remain relevant as trusted partners, advisors and leaders in business. Today, we are called to transform once again – this time into stewards of sustainability who champion the integration of technology and environmental, social, and governance (ESG) principles as the foundation for progress.

Convergence also calls for strategic collaboration and partnerships to create value from integration. Backed by our financial and non-financial acumen and sought-after global standard professional skills, accountancy professionals are ideally placed to champion the tactical connections and combined forces that can propel organisations and business to the next level.

Resonating with UNSDG 17: Partnership for the Goals that embraces the ethos of diversity and inclusion, the MIA International Accountants Conference 2025 exemplifies the spirit of strategic collaboration at the heart of the accountancy profession. Our theme of collaborative leadership also supports Malaysia's vision of

empowering ASEAN as a global economic powerhouse, as the nation assumes ASEAN chairmanship effective from 2025.

This year, the Conference is proud to celebrate 40 years of purposeful nation building. Drawing on our legacy of strategic collaboration, the hybrid Conference will connect over 3,000 delegates with 80 expert speakers from the senior ranks of government, regulation, standards, and business. Prioritising topics that span sustainability, leadership, standards and technology infused with ethics and good governance, the Conference promises a transformative experience that will empower accountancy professionals as collaborative leaders who can tackle the revolutionary forces reshaping business today and tomorrow.

ABOUT THE ORGANISER

Established under the Accountants Act 1967, MIA is the national accountancy body that regulates, develops, supports and enhances the integrity, status and interests of the profession in Malaysia. MIA accords the Chartered Accountant Malaysia or C.A. (M) designation. As the regulator and developer of the accountancy profession functioning under the purview of the Ministry of Finance, MIA is committed to upskilling and transforming accountants to deliver added value as trusted advisors on ethical value creation and business continuity in the digital economy. This in turn enables accountants to uphold good governance and the public interest in line with the profession's nation building purpose. MIA is a member of the International Federation of Accountants (IFAC) and the ASEAN Federation of Accountants (AFA). Presently, there are more than 40,000 MIA members making their strides in businesses across all industries in Malaysia and globally.

ABOUT MIA CONFERENCE

The MIA International Accountants Conference (MIA Conference) is our highly anticipated annual flagship event that attracts accountancy professionals from various industries, including accountants in business, the public sector, practitioners, and academia. It serves as a platform for insightful discussions, enabling professionals to gain a comprehensive understanding of the impact and risks associated with the latest global, regional, and local developments in the field of accountancy.

Featuring sought-after speakers and industry leaders from both local and international backgrounds, the conference ensures attendees have access to top-notch expertise and insights. With the highest participation of over 3,700 accountancy and finance professionals, the MIA Conference creates a vibrant atmosphere conducive to networking, collaboration, and professional growth.

In addition to the enlightening sessions, the conference also hosts exhibition booths showcasing products and services from leading corporations and accountancy professional bodies. The MIA Conference is an invaluable opportunity for accountancy professionals to stay ahead of industry trends, exchange knowledge, and forge meaningful connections in a dynamic and supportive environment.

9:05 AM **PLENARY 1: COLLABORATIVE LEADERSHIP FOR A PROGRESSIVE ASEAN:
AN ECONOMIC & FINANCIAL PERSPECTIVE**

Amidst geopolitical turmoil, ASEAN has a prime opportunity to enhance its status as a leading global bloc. As ASEAN 2025 chair, Malaysia seeks to empower strategic collaborations to strengthen ASEAN's centrality, trade and investment flows, sustainability and climate resilience. Backed by financial acumen, accountants can play a critical role in fostering regional collaboration, supporting renewables via the ASEAN Energy Grid, and driving digital transformation to bridge economic and social disparities. The Johor-Singapore Special Economic Zone (JS-SEZ) exemplifies the power of intra-regional collaboration, showcasing how strategic initiatives can foster economic integration and sustainable growth across ASEAN.

CS1B: TAX MEETS SUSTAINABILITY: STRATEGIC LEADERSHIP FOR A RESILIENT FUTURE

As tax and sustainability become increasingly intertwined, tax professionals are uniquely positioned to influence corporate sustainability strategies and drive meaningful change. This session delves into the intersection of tax policy, sustainability, and leadership, emphasising the strategic role of tax experts in shaping responsible business practices. We will explore global and regional trends in sustainability-related tax policies, including green taxes, carbon pricing, and evolving ESG regulations. The discussion will also highlight how aligning corporate tax strategies with sustainability goals can enhance compliance, foster innovation, and create long-term value. Ultimately, tax-driven sustainability initiatives are not just operational concerns—they are a key boardroom agenda shaping the future of responsible business leadership.
